

MINISTRY OF SOCIAL JUSTICE AND EMPOWERMENT  
NOTIFICATION

New Delhi, the 31st May, 2001

No. 16-25/99-NI-I.—Ministry of Social Justice and Empowerment of Government of India in pursuance of the provisions of Section 32 of the persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995 (1 of 1996), had constituted an Expert Committee on 2-7-1999, under the Chairmanship of the Additional Secretary, Ministry of Social Justice and Empowerment. A copy of the letter dated 2nd July, 1999 is at Annexure I.

2. The Expert Committee met on 20.8.99 and decided that one Sub-Committee should be set up for each of the three categories of disabilities, which are provided reservation under Section 33 of the Act. Accordingly, three Sub-Committees composing the following Members were constituted on 7.9.99 in the following categories:

- (i) Sub Committee for Locomotor Disability or Cerebral Palsy.
- (ii) Sub Committee for Hearing Impairment
- (iii) Sub Committee for persons with blindness of low vision

3. The Sub-Committees made an in-depth study of the various jobs done in Government offices as well as Public Sector Undertakings, including the jobs already identified by the Expert Committee in 1986.

4. The Expert Committee submitted its report on 3.3.2001. The report was circulated to all Central Ministries/ Departments to obtain their comments on the recommendations/ posts identified by the Expert Committee. Based on the comments received and in view of the fact that there is an urgency to notify the report of the Expert Committee to enable the persons with disabilities to avail of the benefits of reservation against the newly identified posts, the Government hereby notifies the report, a copy of which is at Annexure II for information and further necessary action. Persons with disabilities usually require some aids and appliances to overcome their disabilities. The list of such aids that may be needed by different categories of disabled for discharge of their duties is given in Appendix of the report along with list expansion of abbreviations used in the report.

5. The list of jobs identified by the Committee is by no means exhaustive and Ministries/ Departments etc. may have to further supplement this.

6. Section 33 of the Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995, which provides reservation in posts in the establishments of Government of India, etc. for persons with disabilities also provides for exemption of certain posts/ establishments from the purview of Section 33 of the Act if it is not possible to provide the persons with disabilities to the extent of the reservations in view of the nature of duties expected to be performed by the employees in their establishment/ Department.

7. In the light of the exemption clause provided under Section 33 of the Act the Ministry of Social Justice & Empowerment has set up an Inter-Departmental Committee vide order dated 21.2.2001 on exemption of posts/ establishments from the provision of Section 33 of the Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation), 1995 under the Chairmanship of Special Secretary/ Additional Secretary (SJ&E) with the representative from Department of Personnel & Training, Department of Health, and representative from the concerned Administrative Ministry which seeks exemption.

8. The Inter- Departmental Committee will consider the proposals regarding exemption of posts/ establishments from the purview of Section 33 of the Act and make necessary recommendations to the Ministry of Social Justice & Empowerment. Exemption of posts/ establishments recommended by the Inter-departmental Committee will be notified as per the provisions of Section 33 of the Act. The Committee may invite such persons/ experts as may be considered appropriate to assist the Committee in taking a view on individual applications for exemption.

9. The State Governments./UT Administrations may constitute Expert Committee under the provisions of Section 32 of the Act in order to identify suitable posts for persons with disabilities to be reserved for in the establishments of concerned State.

GAURI CHATTERJI, Jt. Secy

## ANNEXURE-I

No. 3-13/96-HW-III

## MINISTRY OF SOCIAL JUSTICE AND EMPOWERMENT

## ORDER

New Delhi, the 2nd July, 1999

- |  |             |
|--|-------------|
| (1) Additional Secretary, Ministry of Social Justice & Empowerment.  | Chairperson |
| (2) Representatives, not below the rank of Joint Secretary from the following Ministries/ Departments of Government of India.  | Member      |
| (a) Department of Personnel & Training   | Member      |
| (b) Ministry of Health & Family Welfare  | Member      |
| (c) Department of Public Enterprises   | Member      |
| (d) Ministry of Social Justice & Empowerment (Disability Division)   | Member      |
| (3) Representative, not below the rank of Joint Secretary of The Ministry/ Department concerned in respect of which Identification of jobs and related matters are to be reviewed. | Member      |
| (4) Director General of Employment & Training  | Member      |

## (5) Representatives of National Institutes on Disability.

- |  |        |
|--|--------|
| (a) Director, National Institute for the Visually Handicapped, 116, Rajpur Road, Dehradun.                                 | Member |
| (b) Director, Ali Yavar Jung National Institute for the Hearing Handicapped, K.G. Marg, Bandra Reclamation (West), Mumbai. | Member |
| (c) Director, National Institute for the Orthopaedically Handicapped, Bon-Hooghly, Calcutta.                               | Member |

## (6) Representatives of Apex non-Governmental Organisations for the Disabilities.

- |  |        |
|--|--------|
| (a) Shri S.K. Rungta, General Secretary, National Federation of the Blind, 2721, Chowk Sangtrashan, Hotel Little Star, Paharganj, N. Delhi, Representing blindness and low vision. | Member |
| (b) Dr. Sudershan Vaid, Secretary, SUNIYE, 1/4992, Loni Road, Shahdra, Delhi, Representing hearing impairment.   | Member |
| (c) Dr. Uma Tuli, Managing Secretary, Amar Jyoti Charitable Trust, N-192, Greater Kailash-1, N. Delhi, Representing locomotor disability including Cerebral Palsy.                 | Member |

- |   |                  |
|---|------------------|
| (7) Director, Institute for Physically Handicapped, 4, Vishnu Digambar Marg, New Delhi-2. | Member-Secretary |
|---|------------------|

1. The Committee may co-opt members.

3. This is in supersession of earlier Order of even number dated 11.9.1998.

**REPORT OF THE EXPERT COMMITTEE TO IDENTIFY/REVIEW THE POSTS IN GROUP A, B, C & D TO BE RESERVED FOR THE PERSONS WITH DISABILITIES IN ITS MINISTRIES/DEPARTMENTS AND PUBLIC SECTOR UNDERTAKINGS.**

1. Govt. of India, in pursuance of Section 32 of the Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995 constituted an Expert Committee to review/update the list of jobs identified for persons with disabilities.

The Committee was notified vide order No. 3-13/96-HW.III dated 2<sup>nd</sup> July 1999, (Annexure 'A').

In its first meeting held on 20.8.1999, it was agreed that one Sub-Committee should be setup for each of the three disabilities, which are provided reservation under Section 33 of the Persons with Disabilities Act. The Sub-Committee will have the power to co-opt any expert person or persons as required from time to time. Working of the each Sub-Committee would be co-ordinated by the respective Director of National Institute for the Hearing Handicapped, Visually Handicapped & Orthopaedically Handicapped, Director, IPH, New Delhi will be the Convenor for all the three sub-committee. The Expert Committee unanimously agreed to adopt a consultative approach in identifying the posts in consultation with concerned Ministries/Departments.

The Sub-Committees asked for extension of the time mainly because the information which was sought from departments located in various parts of the country was not forthcoming intime and had to be pursued further. The 3 Sub-Committees submitted their reports, which was considered in the Expert Committee meeting on 15<sup>th</sup> Dec, 2000. The Expert Committee on the basis of recommendations received from Sub-Committees and also in consultation with various Ministries, Departments, made following recommendation:

- (a) The jobs which have been identified for the notification for any category of disability should be used for giving effect to 3 % reservation in jobs in each establishment within the meaning of section 2 (K) of the Act.
- (b) The nomenclature used for respective jobs in these recommendations shall also mean & include any nomenclature used for the comparable post with identical function of the identified post.

- (c) The establishments covered under the Persons with Disabilities Act 1995 will have the discretion to identify post in addition to the posts already identified by the appropriate Government. However, no establishment on its own discretion can exclude any post out of the purview of identified post for effecting reservation under Sec. 33 of the Act. In case any establishment feels that it required exemption from filling up a vacancy against an identified post by the appropriate Govt. the establishment under Sec. 33 of PWD Act. 1995 can approach the inter departmental committee constituted for the purpose to look into the matter regarding exemption from Sec.33 of the PWD Act. Other than this no authority has the jurisdiction to accord exemption from filling up a vacancy against an identified post for persons with disabilities.
- (d) List of the identified jobs proposed to be notified herein under is in addition to and not in derogation of the earlier list published by Ministry of Personnel Public Grievances and Pensions, Department of Personnel & Training, Govt. of India in the year, 1986, This is in accordance with Sec 72 of Persons with Disabilities Act. 1995
- (e) If at any stage due to change in the pay scale of a post, identified for persons with disabilities gets shifted from one group or grade to another group or grade the post shall remain identified for the purpose of effecting 3% reservation. For example the post of post graduate teacher, if at the time of identification of post for persons with disabilities is a group 'B' post but due to some policy change if the same post is reduced to Group 'C' the same shall remain identified though its pay scale and grade has been changed.
- (f) The Expert Committee is of the view that wherever it has lost sight of such posts which are the entry point to the posts identified by them, in such cases the entry point in the line of identified posts shall be deemed identified for the purpose of recruiting Persons with Disabilities against 3% reservation in job as per Sec. 33 of the PWD Act 1995.

The revised lists of posts identified in Group A,B,C & D to be reserved for the Persons with Visual, Hearing & Orthopaedic/locomotor disabilities are enclosed herewith.

SHARAD RANGA, Member-secy.

May design and prepare estimates etc. himself, if qualified as Architect. Records planning schemes worked out, if specialised in any particular branch of planning, if experienced as Architect or Civil Engineer, and if member of any recognized professional institution and publications made

90	ARCHIVISTS	(A)	SST.	OL OA	Archivists acquire, maintain and supply reference manuscripts and other records of historical importance. Scrutinise public records and documents transferred to archives according to historical significance and enduring value. Recommend weeding of unimportant material and analyse and prepare brief descriptions of contents of records and documents. Arrange them in chronological order department wise and prepare indices, guides bibliographies and microfilm copies of documents as reference media. Acquire on payment or otherwise, documents of archival importance from private sources. Safeguard and preserve records clearing, microfilming etc. Act as consultant to government agencies, academic institutions, research scholars by making available information and documents and localising reference materials obtainable elsewhere. prepare compendia on selected subjects relating to public administration for use of administration.	The work is performed mostly inside the work place in some times dusty. Work is usually done in a group. It does not involve any hazard.
91	Asstt. Director of Archives (Oriental Records)			(Mobility not to be restricted)		
92	AUDITORS	(A)	RW	OL OA	They examine account books and records of business establishments, private institutions, Government or Quasi Government offices for accuracy and completeness of book keeping records and financial statement. Check items of entries in day book or journal for correct recording, scrutinise bills, vouchers and relevant entries in cash books. Verify ledger entries against receipts for cash payment. Check total for proper balance and disbursements are properly authorised, vouched and correctly classified. Report to appropriate authority irregularities in accounts, improper expenditure etc. May prepare financial statement and final accounts such as profit and loss statements, balance sheets, etc for private and public undertakings.	The work is performed mostly inside in well lighted rooms. The workers usually work alone. Occasional group activity is required. No hazards are involved.
93	Joint Director (Audit)					
94	Senior Audit Officer					
95	Dy. Director(Audit)					
96	Asstt. Director(Audit)					
	Asstt. Accounts General (Audit)					
97	AUTOMOBILE ENGINEERS	(A)	ST. B. SE. H	OL	They plan manufacture and repairs of cars, trucks and other motor vehicles. Study performance of different types of models of automobiles and suggest the types & models best suited to the need of the industry. Plan repairs, prepare estimates and make arrangements for supply of necessary spares. Supervise assembly or repairs work, effect necessary modifications and replacement of parts, get tuning and adjustments done and check repaired vehicle for efficiency and roadworthiness. May specialise in repair of particular type of petrol or diesel vehicles.	The work is mostly performed outside. The work place is hot humid. Worker usually works in a group. The job is hazardous.
98	Chief Mechanical Engineer					
99	Add. Ch. Mech. Engineer					
100	Dy. Transport Manager					
101	Senior Engineer (Shops & Garage)					
102	Transport Engineer					
103	Works Manager					
104	Industrial Engineer					
105	Asstt. Works Manager					
106	Transport Officer					
107	Asstt. Works Manager					
	Transport Officer					

1	2	3	4	5	6	7
	<b>ADMINISTRATIVE OFFICER-(NON SECRETARIAL SENIOR)</b>					
108	Deputy manager (Admn.)	(A)	S S: W	OL		The work is performed mainly inside. Occasional touring is required. Working condition are usually calm and quiet. The worker plans his work alone. No hazards are involved.
109	asst. Manager	(A)	RW	BLA, OA (mobility not to be restricted)		
110	Deputy Director	(A)				
111	Joint Director	(A)				
112	Squad Leader	(A)				
113	Joint Manager	(A)				
114	Asst. Manager	(A)				
115	Sr. Supt. Telegraphs	(A)				
116	Dy. Registrar (Academic)	(A)				
117	Manager (Admn.)	(A)				
118	Asst. Registrar (Academic)	(A)				
119	Commissioner (Gr I)	(A)				
	<b>ADMINISTRATIVE OFFICER (SECRETARIAL SENIOR)</b>					
120	Secretary	(A)	S W SE	OL, OA		The work is mostly performed inside in well lighted rooms. The worker usually does his work alone, it does not involve any hazard.
121	Adm. Officer	(A)	RW			
122	Dy. Director (Admn.)	(A)				
123	Asst. Director	(A)				
124	Add. Gen. Manager (Admn.)	(A)				
125	Chief Admn. Officer	(A)				
126	Dy. Manager (Genl.)	(A)				
127	Sr. Admn. Officer	(A)				
	<b>ADMINISTRATIVE OFFICER (Secretarial - Junior)</b>					
128	Administrative officer	(A)	S RW	OL, BLA, OA		The work is performed mostly inside. He usually works alone through interaction with subordinates. is actively required. The work place is well lighted it does not involve any hazards.
129	Asst. Admn. Officer	(A)				
130	Asst. Director (Admn.)	(A)				
131	Asst. Secretary	(A)				
132	ABIN (A)	(A)	S ST SE, H, RW	OA, OL, BLA		The work is mostly performed inside in well lighted rooms workers usually work alone.
133	AAO (Asstt. Admn. Officer)	(A)	S ST SE, H, FW	OA OL		The work is performed both inside & outside. Worker usually works alone. Although interaction with subordinates required.
134	Asstt. STATION SUPERINTENDENT (Air India)	(A)	S ST SE, H, W	OA OL		Work is performed both inside and outside and also mostly inside. Less frequently but the work is less hazardous.
135	LOGICIST Lecturer	(A)	S T S SE B F W	OL		

1	2	3	4	5	6	7
178	<b>CIVIL ENGINEERS</b> Dy Chief Engineers (Civil) Engineer Member Chief Engineer Addl. Chief Engineer Subdt. Engineer Subdt. (Civil) Subdt. (Engineering) Joint manager Engineer Asstt Engineer (Civil) Executive Engineer (Civil) Dy Manager (Engineer)	(A) (A) (A) (A) (A) (A) (A) (A) (A) (A) (A)	S, ST, B, W, SE R, W, SE	OL (for designing) posting office OA (for posts on the field office)	They plan, organise and supervise construction and repairs of buildings, highway, dams, barrages, canals, bridges, aerodromes, towers, laying of pipe lines, railway tracks, etc. Prepare or get sketches plant projects prepared by Architects according to the requirement of Authority concerned. Visit area(s) for preliminary survey selection site and collection of necessary data such as measurement soil conditions availability of materials labours etc. Prepare design details, detailed drawing, estimates of cost of assistance of Draughtmen Civil or themselves and get approved by their clients or authority concerned. Arrange required materials, machinery, labour and commencement of work at site. Ensure correct execution of work according to specification at every stage of progress. Check at site measurement taken by overseer for preparation and payment of bills. Inspect and examine structure completion of work to ensure its conformity with prescribed specifications. May draw sketches and plan themselves. May call for tenders and award work to one or more contractor. May undertake maintenance development or remodeling work	The work is performed both inside and outside. Workplace is often hot and dusty. Jobs in the fields are hazardous but designing work in office does not involve any hazards. The worker works alone in the office and in a group in the field.
189	<b>COLLEGE TEACHERS</b> PROFESSOR ARCHITECTURE Asstt. PROFESSOR ARCHITECTURE LECTURER (Architecture)	(A) (A) (A)	ST, W RW, F, SE	OL, OA, BL	College Teachers (Architecture) They teach University or college students one or more subjects relating to Architecture, deliver lectures and supervise practical work in field laboratory. Organise and go on field trips, maintain class registers and records. Set examinations papers. May conduct or guide Research Work	The work is performed both inside and outside. Workplace in the field is hot, humid and dusty. Field job is hazardous
192	LECTURER (Arts)	(A)	ST, H	BLA, OL	College Teachers (Arts) They teach college students one or more Arts Subjects such as History, Geography, Commerce, Sociology, Philosophy, Economics, Pci. Science Indian or foreign Language such as Hindi, Sanskrit, English, deliver lectures and conduct seminars. Set examination papers, conduct examination and evaluate answer books. Maintain class registers and records. May conduct research and guide research work	The work is performed mostly inside. The work place is well lighted
193	LECTURER (Science)	(A)	R, W, ST H, R, W	OA BLA, OL CA (Mobility not to be restricted)	College Teachers (Science) They teach college students one or more science subjects such as Chemistry, Physics Botany, Zoology, Geology etc. Deliver lecture, guide and supervise practical working the field or laboratory. Set examination papers, conduct examinations and mark paper. Maintain class registers and records may conduct or guide research work	The work is performed mostly inside. The work place is well lighted
194	<b>COMPUTER OPERATION OFFICER</b>	(A)	S, ST SE, H, W B	OA, OL BLA	Perform activities required for running computer system such as - booting, hard-disk, floppy disk and tape units and other peripherals. Handling of console and interacting with the system through the console. Preparing and executing job schedules and ensuring the production of timely and accurate outputs. Observing necessary procedures for proper upkeep of equipment and environment. Maintenance and security of data bases on disks and tapes	The work is performed inside. Usually workers work alone. The place is well lighted.

1	2	3	4	5	6	7
195	<b>DENTIST</b>	(A)	S, ST SE, H, W B	OL		The work is performed inside. Usually workers work alone. The place is well lighted.
						Dentist; Dental Surgeon treats surgically and medically diseases and disorders of teeth, gums and soft tissues of mouth. Examines mouth and teeth of patients by clinical tests or arranges dental X-ray or clinical and bacteriological tests through Radiologist and Pathologist, if necessary for correct diagnosis. Examines results of tests and plans method of treatment accordingly. Administers medicine orally on teeth and adjacent tissues for minor diseases. Cleans teeth and cavities using scalars, excavators, dental engine, etc. as necessary. Fills cavities with cement, metal or plastic and ensures proper filling by observation and easy feel in chewing by patient. Gives local or general anaesthetics as necessary and prepares mouth for operation. Extracts loose, decayed or impacted teeth using surgical instruments. Renders after care. Makes and fits artificial teeth. Advises patients on various corrective dental measures and on general dental health. Is designated as ORAL SURGEON if engaged in treatment of gums, toothache, fractured jaws etc; PERIODONTIST if engaged in treatment of pyorrhoea; PROSTHODONTIST, if engaged in fitting artificial teeth, ORTHODONTIST, if engaged in correction of deformities of children's teeth by mechanical devices or preventive treatment etc.
						Record field of work in which specialised such as oral surgery, operative dentistry, periodontia, prosthetic, orthodontia, dental pathology, dental bacteriology dental radiology etc., whether able to make metal or plastic teeth and handle all types of dental diseases independently if registered under Indian Dentist Act, 1948.
196	<b>EDITORS</b>	(A)	SE, ST RW	B, LA, OL OA		The work is mostly performed inside. The work place is well lighted and comfortable. The workers usually work alone. It does not involve any hazard.
197	Editors of publications	(A)				
198	News Editors Asstt. News Editor	(A) (A)				
						The work is performed mostly inside. The work place is noisy and vibrating. The worker usually works alone. It involves hazards of high voltage.
199	<b>ELECTRICAL ENGINEERS</b>	(A)	ST, B, SE W	OL		
200	Supdt. Engineer	(A)				
201	Executive Engineer (Elec)	(A)				
202	Asstt. Director (Electrical)	(A)				
203	Asstt. Engineer (Electrical)	(A)				
204	Electronics Engineer Software Engineer	(A) (A)				
						The work is performed mostly inside and outside. Workplace is often hot and dusty. Jobs in the fields are hazardous but designing work in office does not involve any hazards. The workers work alone in the office and in a group in the fields.

217	Scientist Zoology (A)		(A)	ST B SE	OL, BL, OA	Zoologist In general studies animal life in relation to origin, evolution, classification, structure, behaviour, life processes, disease, environment, growth, development; genetics, mutations, etc and relates findings to problems affecting human animal and plant life. Undertakes field trips to collect data and observe animal life in natural habitat on land and in water and collects specimens for study in laboratory. Dissects specimens and studies structure and functioning of various systems such as nervous, reproduction and circulatory systems, anatomy of body cell etc. under microscope and other scientific equipment regarding formation and functioning of organs, diseases of organs, cells, etc. Prepares microscopic slides of special features for future study and research. Preserves rare species of animals, in special preservatives and gets large animals mounted by Taxidermist. Studies characteristics of living organism. Analyses findings and interprets data giving possible or probable causes that affect human life. Collects or rears such as mice, monkeys, fowls, pigeons, etc in artificial condition in captivity for experimental purpose and knowledge of wild life management. May specialise in particular branches of Zoology such as study of embryos, birds, mammals, etc and be designated as EMBRYOLOGIST, ORNITHOLOGIST, HISTOLOGIST, VIROLOGIST, BIOLOGIST, CYTOLOGIST, MAMMALOGIST, etc. May teach students in institutions. Record research experience and specialize in particular field of study such as embryology, ornithology, mammalogy etc. books and papers published and teaching experience.	The work is performed mostly inside but also outside in well lighted rooms/places

OL, BL, OA	<p>Micro-Biologist conducts research and laboratory experiments on occurrence, growth, development, control and utilization of bacteria and other micro organisms (including viruses) affecting plant, animal and human life and industrial processes. Prepares cultures of bacteria by placing samples in suitable nutritive media. Examines under microscope samples of isolated bacteria for identification. Observes reactions of bacteria to contact with various kinds of chemical substances and effects of changes in physical environment. Studies action of micro-organisms on living tissues of higher animals and dead organic matter, analyses organic substances produced by bacteria while acting on organic matter to determine nature of by-product. Evolves and prepares weakened strains of harmful bacteria for utilization in vaccination, immunization and serological application. Studies methods of stimulating and retarding activity of micro-organisms and their utilization in industry. Records and reports findings may specialise in any particular branch of bacteriology such as dairy, food, soil or public health bacteriology, mycology, etc. and may be known as DAIRY BACTERIOLOGIST FOOD BACTERIOLOGIST, INDUSTRIAL BACTERIOLOGIST, VETERINARY BACTERIOLOGIST, etc.</p> <p>conducts research assist researches, guide &amp; supervise research work. Work as research and scientist in various labs. Works as teacher in university &amp; colleges.</p> <p>Record nature of duties performed, specialization, technical papers published and membership of any professional body, if any.</p>

Biochemist conducts tests and studies metabolic processes in plants and animals to determine their nutrition requirements, their ability to detect and separate poisons from body materials and composition of their biological fluids in order to develop and produce antibiotics, serum, vaccines and drugs. Performs basic tests similar to Chemist in general by applying modern techniques like chromatography, electrophoresis, spectrophotometry radioactive tracers and Warburg manometry for analysis of biological compounds under both normal and pathological conditions. Isolates enzymes and other active principles from tissues and studies their action and properties both at cultural stage and by actual application. Analyses and studies plant, animal and microbial materials to determine their composition of fat, proteins, carbohydrates, vitamins, trace elements etc. Studies biological fluids and materials such as blood, urine, cerebrospinal fluid, liver tissue and hormones and co-relates findings to normal or pathological conditions. Conducts studies for separation and qualitative detection of poison in body for pathological and other purposes. May specialise in particular field of work. Record details of research work, if specialised in any particular branch of work such as drugs, antibiotics, vaccines, hormones, poisons. May have to their credit titles of books and papers published, teaching experience and membership in professional body.

Geologist studies physical structure of earth's crust, its rock formations and fossils to determine earth's history, gradual changes and development or to locate minerals and fuels. Conducts exploratory geological survey using special instruments and techniques, such as air survey and air-photo mapping and geo-chemical and geophysical prospecting methods to low drilling operations in areas of economic mineral deposits. Collects samples of minerals or rocks at various depths for detailed study to determine their formation and quality and quantity of deposits. Evaluates extent of deposit for commercial exploitation and underlines and coordinates various activities relating to drilling, testing, development and production. Prepares reports, maps and diagrams showing outcrops of rocks and ore bodies and their various geological structures. Advises on suitability of soils and rocks for construction of dams, tunnels, roads, buildings, etc. and on strength of foundation necessary. Renders advice on problems of underground water reservoirs. Studies natural phenomena such as earthquakes, volcanoes, glaciers and mountain building for advancement of knowledge and research on gradual changes and development of earth's crust. May combine teaching with research and administrative work when employed by college, or university. May be designated according to field of duties such as Exploration Geologist, Test Geologist, Development Geologist, Resident Geologist.

Work is performed inside as well as outside. Usually works in a group through interaction with subordinates.

307	Foreman ( Production)	(A)				
308	Operation Officer	(A)	ST,W SE,H,B	OA,OL	To plan, organise, co-ordinate and control receipt, storage, distribution and manufacturing of bulk black oils, lubricants and specialities with the minimum manpower and lowest operating costs with proper regard to customer relationship.	The work is performed both inside and outside. Work place can be hot and noisy. Work is usually done alone. The job can be hazardous.
309	Project & Planning Officer	(A)	S,B,SE H, RW	OA,OL BLA, MW	Conduct analysis and compilation of all refinery projects in the Non-Plan Budget. Analyses of all appropriation requests from refineries, undertaking miscellaneous studies, periodic review of Non-Plan performance.	The work is mostly performed inside in well lighted rooms. Work is usually done alone. No hazards are involved.

1	2	3	4	5	6	7
310	Programmer	(A)	S, ST, SE, W, B, H	CA, OL BLA	Computer Programmer; Digital-Computer Programmer converts symbolic statement of business, scientific, and other technical problems to detailed logical flow charts for coding into computer language and solution by means of automatic data processing equipment. Analyses all or part of work flow chart or diagram representing scientific and business problem by applying knowledge of computer capabilities, subject matter, algebra and symbolic logic to develop sequence of programme steps. Confers with supervisors and representatives of departments affected by programme to resolve questions of programme intent, output requirements, input data acquisition, extent of automatic programming and coding use and modification and inclusion of internal checks and controls. Writes detailed logical flow chart in symbolic form to represent work order of data to be processed by computer system and to describe input, output and arithmetic and logical operations involved. Converts detailed logical flow chart to language processable by computer. Devises sample input data to provide test of programme adequacy. Prepares block diagrams to specify equipment programme on computer, using actual or sample input data. Corrects programme errors by such methods as altering programme steps and sequence. Prepares written instruction (run book) to guide operating personnel during production runs. Analyses, reviews and rewrites programmes to increase operating efficiency or adapt to new requirements. Compiles documentation of programme development and subsequent revision. May specialise in writing programmes for one make and type of computer. Records type and nature of data processed; type of machine in which experienced, reports and reviews published.	The work is performed inside. Usually workers work alone. The place is well lighted.
311	P.R.O./Liaison Officer (St.)	(A)	S, ST, SE, W	OL, BL, OA	Public Relations Officer. Liaison Officer maintains liaison between organization employing him and general public for promoting goodwill and better understanding. Distributes publicity material and issues press releases to popularise organisation's activities. Studies news papers, journals etc carefully and notes trends of public opinion on policies and activities of organisations. Explains and helps employer to understand public opinion and criticism of policies. Meets press and public representatives, explains special features of organisation employing him. Distributes publicity material, arranges film shows etc. to cultivate appreciation of organisation's activities and counteracts criticisms. Arranges visits of important persons and special parties to establishment for explaining their activities. Participates in exhibitions and displays posters, charts, models etc. to public. May select suitable publicity material, write special feature articles, reports or pamphlets. May participate and get photographs taken of important functions and prepare other audio visual aids. May edit journals or periodicals for publicising activities of establishment or organisation. May maintain information centre and organise community relations activities. Records types of establishments and industries in which worked, languages in which specialised, specialisation in journalism, printing, art etc. experience of participation in exhibitions; types of publicity materials prepared and experience of photographic techniques.	The work is mostly performed inside but also outside. The work place is well lighted it does not involve any hazards.
312	Personnel Manager	(A)	S, H, RW,	OL, BL, OA	They formulate and execute policies, relating to recruitment, training, review of terms and conditions of employment of personnel, implementation of statutory and other welfare schemes and effective utilization and discharge of personnel employed in any undertaking. Advise and assist in development of managerial power, prescribe recruitment methods, organise training schemes, supervise administration of welfare programmes distribute personnel for their effective utilization in organization and resolve problems of	The work is performed mostly inside. The work place is well lighted. The worker usually does his work in a group. It does not involve any hazards.
313	Deputy Manager Personnel	(A)				
314	Chief Personnel Manager	(A)

**PERSONNEL OFFICERS**

1	2	3	4	5	6	7
319	Personnel Officer	(A)			Investigation, discipline etc. Investigate into specific problems of indiscipline and inefficiency to evolve and suggest ameliorative measures to management. Establish channels of consultation between labour and employers to minimise misunderstanding. May represent employers in labour conciliation proceedings during disputes.	
320	Officer on Special Duty	(A)				
321	Senior Personnel Officer	(A)				
322	Dy. Personnel Officer	(A)				
323	Asstt Personnel Officer	(A)				
	<b>PHYSICIANS</b>					
324	Deputy Director (Medical)	(A)	S, ST, H	OL, OA (Non-surgical jobs only)	They diagnose and treat ailments or disorder of human body according to scientific system of medicine. Examine patients using stethoscope, blood pressure measuring instrument or any other medical instrument according to symptoms available and make or arrange for clinical tests, X-Ray and histopathological examination for correct diagnosis of disease or disorder, prescribe medicines based on results of examinations. Consult other physicians or specialists, as necessary in complicated and difficult cases. Give treatment and advise patients on regimen required to restore and maintain health. Administer drugs as required. Keep records of patients examined, their ailments and treatment given or prescribed. May issue medical certificates.	The work is performed inside in well lighted rooms. The worker works alone. No hazards are involved for non-surgical jobs.
325	Physician	(A)	SE			
326	Asstt Director (Medical)	(A)				
327	Senior Medical Officer	(A)				
328	Medical Officer	(A)				
329	Deputy Medical Officer					
330	Sr. resident					
331	Registrar					
332	Asstt Divisional Medical Officer					
333	Jr Scale (Physician)					
334	General duty medical officer					
	<b>PHYSICISTS</b>					
335	Scientist Gr E1	(A)	S, ST, SE	OA, OL (If no field work is involved)	They conduct theoretical and experimental studies and research in different branches of physics such as gravitation, structure and properties of matter heat, light, sound, electricity, magnetism, electronics, atomic and nuclear physics, biophysics astrophysics and geophysics, to formulate theories of physical phenomena and to solve industrial and technical problem. Study theory and experiments with physical properties of solids, liquids and gases perform experiments on laws of motion, electricity, centre of gravity, liquid pressure, etc., to identify and measure elements of matter and energy and their interaction. Apply results to formulate theories of physical phenomena solve industrial and technical problems and for making delicate instruments and testing equipments. Undertake study of applied physics for understanding analysis data. Solar stellar and astrophysics, biological and geophysical phenomena etc. May specialise in one or more branches of physics such as mechanics, heat, light, sound, electronics, aero and hydro dynamics or use of X-Rays in testing of materials.	The work is performed mostly inside Occasional field work is involved Work place inside is comfortable but in field it is hot, humid and dusty He usually works alone. Some jobs involve hazards of high voltage.
336	Scientist Gr (C)	(A)				
337	Scientist Gr (B)	(A)	RW, W			
	<b>POST MASTERS</b>					
338	Post Master	(A)	S, RW,	OL, OA	They control and co-ordinate work of all employees under them in a post office to ensure efficient service to public in accordance with rules and regulation prescribed. Allocate and assign responsibilities to subordinate personnel in their office. Maintain counters to facilitate service provided to public. Display relevant poster rules and regulations and publicise sale of special and commemorative stamp issue. Government bonds, etc. control sale of postage envelopes, stamps and other postal stationery and check timely collection and delivery of letters, money orders etc. within area prescribed. Check cash book amounts, saving bank accounts and other prescribed records. Render accounts to audit office relating to their office and sub offices. May supervise function of telegraph office, if attached to post office. May keep cash and valuables in joint custody with treasurer.	The work is mostly performed inside. The place is well lighted. Worker, work alone, it does not involve any hazard.
339	Sr Time Scale (Post)					
340	Jr Time Scale (Post)					

1	2	3	4	5	6	7
341	<b>PRINTING SUPERVISORS</b> Works Manager (Printing Technology)	(A)	ST.B	OA,OL	They plan, sendinise, co-ordinate and control activities of printing presses. May supervise the work of printing press men working on different types of machines, like flat bed letter-press, rotary printing machines, off-set printing machines. May instruct and supervise mixing of inks to match the colours, examine final proofs, check printed copies. May also look after general administration of the press and solve day-to-day problems of the workers. May also deal with the customers and decide printing charges etc.	Most of the work is performed inside. The work place is noisy and pungent. Smell of ink is common. Work is mostly done in a group.
342	<b>PUBLIC RELATIONS OFFICERS</b> Public Relations Manager	(A)	S.W,SE,RW	OA,OL	They maintain liaison between organisations employing them and general public and promoting goodwill and better understanding. Distribute publicity material issues and press releases, popularise organisation's activities.	The work is performed both inside and outside. The work place inside is well lighted and comfortable. The workers usually work in a group. No hazards are involved.
343	Dy Advertising Manager	(A)			Study news papers, journals etc carefully and note trend of public opinion and criticism of policies. Meet press and public representatives, explain special features of organisations employing them. Distribute publicity materials arrange film shows, to cultivate appreciation of the organisation's activities. Participate in exhibitions and display posters, charts, models, etc. to public. May select suitable publicity materials write special features, articles, reports or pamphlets. May prepare other audiovisual aids. May edit journals or periodicals for publishing activities of establishment or organisations. May maintain information centre and organise community relations activities.	
344	Public Relations Officer	(A)			Publicity Manager prepares publicity material and issues it through press, screen or radio to attain effective publicity for organisation, Government, business houses or other institutions.	
345	Programme Coordinator	(A)			Prepares news releases, scripts, salient features and other publicity materials to be published.	
346	(Keeper) Public Relations	(A)			Publicises publicity material through appropriate media such as display at important places, exhibitions, films, newspaper, radio and personal contacts. Scrutinises newspaper and magazines to collect news and views to ensure effective publicity relating to his published material. May tour area and contact public to promote mutual goodwill. May maintain liaison with press representatives.	
347	Asstt Information Officer	(A)			Record journalistic experience and specialisation in arranging and participating in exhibitions, festivals, meals etc. type of publicity media in which specialized and industry or in situation in which experienced.	
348	Asstt Public Relations Officer	(A)			They develop and apply most effective methods for collecting, tabulating & interpreting data in any one of wide variety of fields. Determine character and volume of information necessary for solution of any problem and obtain or devices and method for collecting necessary information. Determine most effective information and type of problem under study. Interpret and present data in required form. May write reports analysing and evaluating conclusion on basis of variables conditions affecting interpretation of validity. May advise and consult private industrial concerns or Government agencies on matter such as operating efficiency, marketing methods and fiscal problems.	
349	Asstt Director (Exhibition)	(A)				
350	Asstt Information Officer	(A)

<b>ARCHAEOLOGISTS</b>						
10	St. Technical Asstt (Arabic Manuscript)	(B)	ST.W.SE.RW	OA	Archaeologists study ancient art, architectural relics monuments, excavations and other materials to determine social habits, customs, religious practices, living conditions etc as existed in past and their influence on modern civilization. Visit places of antiquity to study, monuments, relics and other materials that were in use in early times Examine and analyse findings to determine period to which they belong. Conduct exploration, survey and systematic excavation work of ancient sites to discover hidden cities, structures and other antiquities Collected objects of art, pottery, beads, ornaments and other relics from excavation bearing prehistoric or posthistoric culture Classify them according to which they belong. Undertake research on findings and publish reports on historical importance. Inspect and preserve ancient monuments like temples, forts, mosques etc. in good order for architectural value. Prepare descriptive catalogues of articles collected and other exhibits in museums. May deliver lectures to students and other interested in temples and monuments to study form and style of different periods.	Much of the work is performed in the field in hot, cold, humid and dusty conditions Work is mostly done in a group and is hazardous

<b>ARCHITECTS</b>						
16	Senior Architectural Assnt.	(B)	S, S, E, R, W	OL	Architects prepare designs for construction of buildings, monuments, etc. estimate cost and co-ordinate functional and organisational details for execution. Collect information about requirements and type(s) of buildings to be constructed, available funds, special features desired, if any, etc and record points for consideration. Prepare designs and estimate cost. Prepare detailed drawing either themselves or get them prepared by draughtsmen (Architectural) to specified scale showing location of buildings on site, plan and submit them to competent authorities. Draw up specifications regarding flooring finish, architectural features etc estimate quantities of materials required and other details and include them in drawing for correct execution of plan. May guide, supervise and inspect construction work from time to time to ensure execution according to plan. May consult engineer and specialist and get light and power fittings, sanitary fittings etc. done by them. May specialise in landscape architecture. May approve payment on correct execution of work.	The work is performed mostly inside. Occasional field duty is required. The work place is well lighted, though hot humid and duty condition have to be faced in the fields. The worker works alone inside but to work in a group inside field. The work inside is not completely hazardous but some hazards have to be encountered in the field.
17	Junior Architect	(B)				
18	Architectural Assnt.	(B)				
19	Planning Assistant.	(B)				
20	Sr. Draughtsmen	(B)	S, S, E, R, W	OL	Draughtsman (Architectural) prepares drawings of building, parks, gardens, monument etc. from sketches, designs or data for construction. Studies notes, sketches and other engineering data of buildings, parks, gardens monuments, etc. to be constructed. Draws sketches of required construction according to directions of the Architect to suit purpose and environment; alters them if directed and gets them approved by him. Draws to scale drawings according to approved sketches showing plan, elevations, settings, arrangements etc. as necessary. May trace drawing and make blueprints. May prepare architectural designs himself. May prepare estimate schedules for material and labour. May prepare perspective designs and render them in colour or monochrome. May prepare model of constructions work. May work as Draughtsman Civil or monochrome. May prepare architectural drawings in which specialised such as buildings, parks, monuments, irrigation projects etc.; whether able to calculate working dimensions from given data and if experienced in any other type of draughtsmanship.	The work is performed mostly inside. Occasional field duty is required. The work place is well lighted, though hot humid and duty condition have to be faced in the fields. The worker works alone inside but has to do work in a group inside field. The work inside is a not hazardous.
<b>ARCHIVISTS</b>						
21	Archivists (Genl)	(B)	S, S, T, H, R, W	OL, OA	Archivist acquire, maintain and supply for reference manuscripts and other records of historical importance. Scrutinise public records and documents transferred to archives according to historical significance and enduring value. Recommend weeding of unimportant material and analyse and prepare brief descriptions of contents of records and documents. Arrange them in chronological order department wise and prepare indices, guides bibliographies and microfilm copies of documents as reference media. Acquire on payment or otherwise, documents of archival importance from private sources. Safeguard and preserve records clearing, microfilming etc. Act as consultant to government agencies academic institutions, research scholars by making available information and documents and locating reference materials obtainable elsewhere.	The work is performed mostly inside. The work place is some times dusty. Work is usually group in. It does not involve any hazards.
22	Asstt. Archivist Gr. I (Oriental Research)	(B)				
23	Asstt. Archivist Gr. I (Genl)	(B)				
24	Asstt. Archivist Gr. I (Genl)	(B)				

prepare compendia on selected subjects relating to public administration for use of administration

	<b>DISTT. EDUCATION OFFICER</b>					
41		(B)	S, ST, B, SE, RW	OL, RLA		The work is performed both inside & outside. Works alone and in group. No hazards are involved.

	1	2	3	4	5	6	7
42	Asst. Director (Cold-Storage)	(B) S.R.W., W.S.T.B F.	QA, OL			<p>They are responsible for the availability of various goods required in their office section, factory, etc. and also for their proper supply to the actual users. They make assessment of the quantity of different items required at specified intervals on the basis of information provided by the actual users. They discuss and settle terms and conditions. Ensure that goods supplied conform to the agreed standards. Arrange for proper storage of goods including spraying of pesticides to kill white ants, rats, etc. in case of perishable goods. May maintain proper accounts of purchase and supplies. May look after general administration of the stores department and be administrative incharge of the junkie stores staff.</p>	<p>The work is performed mostly inside. Occasional visits to the market are required. Work place is well lighted, it does not involve any hazards.</p>
43	ARTISTS	(B) S.S.T., B.H., SE, RW	OL, OA BL			<p>They prepare designs for advertising articles or draw illustrations for books, magazines, posters, charts, boardings etc. in suitable columns. Study specifications and discuss details with superiors. Determine subject matter in consultation with client and draw designs and sketches with or without colour to desired effect. Execute approved design in required medium such as paints, oils, water colour etc.</p>	<p>The work is performed mostly inside. Work place is well lighted and comfortable. No hazards are involved.</p>
44	ASST. TEACHER	(B) S.S.T., B.H., SE, RW	OL, OA			<p>Primary School Teacher teaches students of primary or elementary school in all subject, such as reading, writing, arithmetic, language, history and geography. Teaches ad specified subjects according to prescribed time-schedule, aids and corrects homework. Conducts tests and examinations and prepares examination results. Maintains school registers and record of attendance, collects fees and submits accounts to office. May conduct extracurricular activities such as hobbies, sports, dramatics, etc. is designated as Headmaster, Primary School if incharge of school and responsible for executing school's educational programme.</p>	<p>The work is performed mostly inside in group. The work place is well lighted.</p>
45	TRAINED GRADUATE TEACHER	(B)	BL			<p>Record subjects and medium in which able to teach, experience of administrative work, extra-curricular activities, and teacher's training certificate possessed.</p>	
46	PRIMARY TEACHER	(B)				<p>Art Teacher, instructs school students in art subjects such as drawing and painting. Demonstrates to pupils methods and techniques of using drawing material such as brushes, scale, pencils and colours. Instructs them in model drawing in pencil and crayons, and painting of objects, landscapes, plant life, murals, etc. Observes their work and makes corrections. May organise art exhibitions and visits to museums, art galleries and places of artistic interest.</p> <p>Record specialisation in various fields of painting such as portrait painting, composition painting, mural painting, whether worked as active painter or sculpture; knowledge of history of art and art appreciation.</p> <p>Craft Instructor gives instructions to students in schools and training institutions in manual crafts such as carpentry, tailoring, weaving, book binding, blacksmithy etc. Imparts theoretical instructions in use of tools, mechanical drawings, blueprint reading and related subjects; gives demonstrations of process and operation in workshop; supervises and guides students in their practical work. Looks after stores, equipment and tools.</p> <p>Record specialisation in any particular craft such as carpentry, tailoring, weaving, etc.; trainings received and ability to maintain stores and equipment.</p>	

1	2	3	4	5	6	7
47	<b>Advertisement Writer, Copywriter</b>	(B)	SE ST RW	BLA OL OA	Advertisement Writer, Copywriter composes wording of advertisement, either in descriptive style or in form of slogans, captions, etc. for popularising particular product or establishment. Receives advertisement matter from customer. Writes descriptive matter or slogans in attractive form to advertise merits of product or establishment. Record languages in which able to write, specialisation in writing advertisement for product or establishment, experience of drawing sketches etc.	The work is mostly performed inside and outside. The work place is well lighted, it does not involve any hazards.
48 45	<b>CHEMICAL ENGINEERS</b> Foreman Asstt. Foreman	(C)	ST, B, SE	OA (for operational jobs) OL for planning jobs)	They direct and supervise operations of chemical plants and equipments for dissolving, filtration, evaporation, dehydration, reduction, concentration combination, crystallization and all other unit operation for manufacture of heavy chemicals, fine chemicals etc. according to specifications. Study existing process of equipment used, their efficiency and production level combination, crystallization and all other unit operation for manufactures. Conduct research into principles of chemistry, physics, thermodynamics etc to develop new process and to improve new design of equipment for increasing efficiency of production. Supervise installation of equipment for production on commercial scale. Study chemical characteristics of chemicals or chemical products such as acids, reagents, dyes developed in laboratories and devices processed and equipment for their manufactures. Design, construct and study operations of pilot plant to test efficiency of process before construction of full size equipment. Plan layout of plant to obtain maximum operating efficiency and supervise installation of equipment. Supervise and coordinate activities of workers to ensure efficient treatment of raw materials by chemicals mechanical and other means.	The work is performed mostly inside and outside. Workplace is often hot and dusty. Jobs in the fields are hazardous but designing work in office does not involve any hazards. The workers work along in the office and in a group in the fields.
50	<b>CIVIL ENGINEER</b> Asstt. Engineer	(B)	ST S, B, W, SE	OL (for designing position office OA (for pos on the field office	They plan, organise and supervise construction and repairs of buildings, highways, dams, barrages, canals, bridges, aerodromes, towers, laying of pipe lines, railway tracks, etc. Prepare or get sketches plans and projects prepared by Architect according to the requirement of Authority concerned. Visits areas for preliminary survey selection site and collection of necessary data such as measurements soil conditions availability of materials, labours etc. Prepare design details, detailed drawing estimates of cost of assistance of Draughtsmen Civil or themselves and get approved by their clients or authority concerned. Arrange for required materials machinery labours and commencement of work at site. Ensure correct execution of work according to specification at every stage of Progress. Check at site measurement taken by overseer for preparation and payment of bills. Inspect and examine structure completion of work to ensure its conformity with prescribed specifications. May draw sketches and plan themselves. May call for tenders and award work to one or more contractor, May undertake maintenance development or remodeling work.	The work is performed both inside and outside. Workplace is often hot and dusty. Jobs in the fields are hazardous but designing work in office does not involve any hazards. The workers work along in the office and in a group in the fields.

	1	2	3	4	5	6	7
51	<b>COMMERCIAL ARTISTS</b> Layout Artist		(B) (B)	S, ST, OL	OA, OL, BL		The work is performed mostly inside. The work place is well lighted and comfortable. No hazards are involved.
52	<b>COUNSELLOR</b>		(B)	S, RW, W, ST, B F	OA, CI, BL		The work is performed mostly inside. The work place is well lighted and comfortable. No hazards are involved.
53	<b>COMMENTATOR (Motion Picture)</b>		(B)	SE, ST RW	BL, OL OA		The work is mostly performed inside and outside. The work place is well lighted it does not involve any hazards
54	<b>DEVELOPMENT OFFICER</b>		(B)				The work is performed mostly inside. The work place is well lighted.
55	<b>DY. EDUCATION OFFICER</b>		(B)				The work is performed inside in well lighted rooms. Workers work alone. No hazards are involved.
56	<b>DRAUGHTSMAN SR.</b>		(B)	S, ST, B, SE, RW	OL, BLA		The work is mostly performed inside. The work place is well lighted and comfortable. The worker usually works alone. It does not involve any hazard
57	<b>EDITORS</b> Sub-Editor		(B)	SE, ST, RW	BL, OA, OL		

They prepare designs for advertising articles or draw illustrations for books, book-jackets, magazines, posters, charts, hoardings etc. in suitable columns. Study specifications and details with superiors, determine subject matter in consultation with concerned officers and draw designs and sketches with or without colour to desired effect. Execute approved design in required medium such as paints, oils, water colour etc.

Teacher Counsellor guides or counsels individuals in various problems such as educational, vocational, personal etc., and guides and coordinates activities of career masters in schools. Collects educational, occupational, employment, social and related information and studies relevant details of clients obtained from them and other sources. Administers tests of intelligence, aptitudes, interests, personality traits etc. for obtaining data about individuals to be guided. Collects and studies information relating to environment involved in individual's adjustment.

Interviews various persons for collecting information and counsels individuals needing such assistance accordingly, employing suitable techniques. Conducts group-guidance activities to serve various purposes of counselling. Carries out follow up studies on individuals guided, to render further assistance, and to evaluate guidance programme. Keeps himself abreast of guidance programmes in schools and coordinates their activities to ensure uniformity. May guide Career Masters and conduct research and surveys for purposes relevant to counselling. Record type and duration of training jobs led; type of problems in which specialised such as personal, vocational, educational, social, etc; types of guidance activities in which specialized.

Commentator (Motion Picture) gives running commentary to interpret or to describe visuals of motion picture. Obtains general background of material to be covered. Studies narration, and sees film to grasp subject, visuals and mood. Narrates events, synchronising commentary with visuals using trained voice and tone to suit subjects and mood. Dramatises narration under guidance of Director. Theatrical by infusing emotional effects in tone and in harmony with mood and tempo of visuals. May himself write commentary. Record types of films and languages in which able to give commentary.

Organises & directs work of the Deptt., supervises and, execute & implements education programs in liaison with Dist., Education Officer, supervise education schemes in the schools.

They prepare drawings of buildings, highways, dams, machines, plants, etc. from sketches, designs or data for purpose of construction, alteration, manufacture or repair. Study notes, sketches and other engineering data. Calculate dimensions as required from available material or sample. Draw to scale detailed drawings, showing plan, elevations, sectional views etc. according to nature of work and operations required. May prepare estimate schedules for material and labour

They edit or direct editing of new items, journals, newspaper, books and leading articles on contemporary events. Plan layouts of publications assign and coordinate work of section different and staff such as Reporter, Photographer etc. Examine written material scrutinise and edit reports of meetings, important

70 SR. INSTRUCTOR (B) S.RW, W,ST, B O.A.OI, BL  
 71 INSTRUCTOR (B) F

Check items of entries in day book or Journal for correct recording. Scrutinise bills, vouchers and relevant entries in cash books. Verify ledger entries against receipts for cash payment. Check totals for proper observance of accounting procedure ensure that disbursements are properly authorised, vouched and correctly classified. Report to appropriate authority irregularities in accounts and cases of misappropriation, improper expenditure etc. They investigate financial statement and final accounts such as profit and loss statements, balance sheets, etc for private and public undertakings.

The work is performed mostly inside except for practical training in organisations like Indian Air lines. The work place inside is well lighted. The work in general organisations does not involve any hazards. However, work in organisations like Indian Airlines is hazardous.

72 JOB ANALYST (B) S.H,SE,RW O.A.OI, BL  
 Junior Analyst

Job Analysts develop job evaluation scheme in commercial and industrial organisations. Organise evaluation procedures to finalise schemes by defining evaluation factors selecting and studying key-jobs in organisation and relating key-job wage to evaluation factors. Develop norms for evaluating variations in amount of responsibility and intelligence required for efficient performance of each job. Analyse existing and new jobs coming up in organisation and relate job components to selected evaluation factors. Study scope of introducing automatic procedures to minimise manual operations and suggest them to appropriate authorities for adoption. Undertake study to assess worker condition and suggest methods to increase productivity. May assist in developing training programme of potentially capable individuals in organisation.

The work is performed inside. The work place is well lighted and comfortable. The worker usually works in a group. Hearing and speaking are continuously required. No hazards are involved.

LABOUR WELFARE OFFICERS  
 73 Labour Officer (B) S.H,RW O.A.OI  
 74 Welfare Officer (B) BL  
 75 Labour Welfare Officer (B)

They execute policy regarding working conditions, welfare, etc. of workers in industrial undertakings, maintain liaison between management and labour and promote harmonious relations between them. Bring grievances of workers to notice of management. Interpret labour laws to workers and advise management on various statutory obligations. Promote harmonious relations between management and workers to ensure efficiency in production and encourage formation of co-operative stores and other welfare activities such as recreational facilities, sanitation, education of children, etc. Help in formulating employment and recruitment policies in joint consultation with management and workers' representatives. Use their good offices to bring about settlement by conciliation in event of dispute between workers and management. May assist employees in their personal problems.

The work is performed mainly inside. The worker usually works in a group, the job is not hazardous.

1	2	3	4	5	6	7
89	<b>MUSIC TEACHER/VOCAL/MUSICIAN</b> SR.	(B)	ST, B, SE	OA, OL		The work is performed mostly inside. Work place may not be noisy. Work is usually done in a group. The work is not of hazardous nature.
90	<b>OCCUPATIONAL THERAPIST</b>	(B)	S, RW, W, ST, B, F	OL, BL, OA		Work in groups and alone both inside and outside. Less hazardous.
91	<b>PERSONNEL OFFICERS</b>	(B)	S, H, RW	OL, BL, OA		The work is performed mostly inside. The work place is well lighted. The worker usually does his work in a group. It does not involve any hazards.

						They conduct theoretical and experimental studies and research in different branches of physics such as gravitation, structure and properties of matter, heat, light, sound, electricity, magnetism, electronics, atomic and nuclear physics, biophysics, astrophysics and geophysics, to formulate theories of physical phenomena and to solve industrial and technical problems. Study theory and experiments with physical properties of solids, liquids and gases perform experiments on laws of motion, electricity, centre of gravity, liquid pressure, etc., to identify and measure elements of matter and energy and their interaction. Apply results to formulate theories of physical phenomena solve industrial and technical problems and for making delicate instruments and testing equipments. Undertake study of applied physics for understand- ing and analysis of data. Solar system and astrophysics, biological and geophysical phenomena etc. May specialise in one or more branches of physics such as mechanics, heat, light, sound, electronics, aero and hydro dynamics or use of X-Rays in testing of materials.
						They control and co-ordinate work of all employees under them in post office to ensure efficient service to public in accordance with rules and regulations prescribed. Allocate and assign responsibilities of subordinate personnel in their office. Maintain counters to facilitate service provided to public. Display relevant posters, rules and regulations and publicise special and commemorative stamp issues, Government bonds, etc. control sale of postage envelopes, stamps and other postal stationary and check timely collection and delivery of letters, money orders etc. within area prescribed. Check cash book amounts, saving bank accounts and other prescribed records. Render accounts to audit office relating to their office and sub offices. May supervise function of telegraph office, if attached to post office. May keep cash and valuables in joint custody with treasurer.
						They plan, scrutinise, co-ordinate and control activities of printing presses. May scrutinise the work of printing press men working on different types of machines, like flat bed letter-press, rotary printing machines, offset printing machines. May instruct and supervise mixing of inks to match the colours, examine final proofs, check printed copies. May also look after general ad- ministration of the press and solve day-to-day problems of the workers. May also deal with the customers and decide printing charges etc.
						They maintain liaison between organisations employing them and general public and promoting goodwill and better understanding. Distribute publicity material and arrange press releases to popularise organisation's activities. Study news papers journals etc carefully and note trend of public opinion and criticism of policies. Meet press and public representatives, explain special features of organisations employing them. Distribute publicity materials arrange films shows, to cultivate appreciation of the organisation's activities. Participate in exhibitions and display poster, charts, models,

1	2	3	4	5	6	7
116 117 119	<b>PUBLICITY OFFICERS</b> Dy. Regional Manager Tourism Promotion Officer Publicity Officer	(B) (B) (B)	S, ST, W, H, SE	OA, OL	<p>etc. to public. May select suitable publicity materials, write special features articles, reports or pamphlets. May prepare other audio-visual aids. May edit journals or periodicals for publishing activities of establishment or organisations. May maintain information centre and organise community relations activities.</p> <p>They prepare publicity material and issue it through press, screen or radio to attain effective publicity for organisations. Govt., business house or other institution. Prepare news releases, scripts, salient features and other publicity material through appropriate media to display at important places, exhibition, films, newspapers, radio and personal contacts. Scrutinise newspapers and magazines to collect news and views to ensure effective publicity relating to their publicised material. May / tour area and contact public to promote mutual goodwill. May maintain liaison with press representatives.</p>	<p>The work is mostly done in the field. Work place is hot, humid and dusty. The worker usually work in the group. It does not involve any hazards.</p>
119	<b>PUBLICITY ASSTT.</b>	(B)	SE, ST RW	ELA, OL OA	<p>Publicity Asstt. prepares publicity materials for government, business or other institutions and conducts visits in information centre to popularise their products or achievements. Scrutinises newspapers and magazines and collects news and views relating to his employer's institution. Prepares press releases, feature articles, pamphlets, folders, leaflets etc. for distribution to news and public. Sends prepared materials to Publicity Officer for approval. Arranges display of publicity posters or erection of boardings at important public places. Receives visitors at information centre or exhibition and explains to them charts, models and other exhibits displayed. May attend to clerical work.</p> <p>Record type of industry or institution in which experienced, specialisation, if any.</p>	<p>The work is mostly performed inside and outside. ## JOBS IDENTIFIED FOR THE HEARING HANDICAPPED - GROUP 'A' &amp; 'B' POSITIONS

Sl. No.	N.C.O	DESIGNATION	GROUP	PHYSICAL REQUIREMENTS	CATEGORY OF THE DISABLED SUITABLE FOR THE JOB	NATURE OF THE WORK PERFORMED	WORKING CONDITIONS & REMARKS
1		Assist. Editor (Sanskrit)	A	S, B, SE RW	PD, D	Overall charge of Sanskrit section of the Central Reference Library. Compilation & editing of the Indian National Bibliography, (Roman Script) compilation and editing of Sanskrit fascicle of the Indian National Bibliography, processing of Sanskrit publications, answering reference queries, correspondence, translation from and into Sanskrit. Reading proofs of the bibliographies and such other duties as may be assigned from time to time.	The work is mostly performed inside well lighted rooms. Worker usually works alone. It does not involve any hazards.
2.		Asstt. Registrar (Income Tax Appellate Tribunal)	A	S, ST, B, SE, RW,	PD, D	To discharge the statutory functions of a registrar under the Income Tax (Appellate tribunal) Rules 1963 and also to supervise the work of Administration, Accounts Establishment of the Bench and also to act as Head of Office and Drawing & Disturbing Officer as and when required	The work is mostly performed inside well lighted rooms alone. It does not involve any hazards
3.		Deputy Director (Molecular Biology)	A	ST, W, SE, RW, S, B, F,	PD, D	1) Carry out research on molecular biological aspects of malaria vector and parasite to develop molecular tools for diagnostic, population and ecological and vector control genetics, evaluation aspects	The work is mostly performed inside well lighted rooms. Worker usually works alone. It does not involve any hazards
4.		Deputy Director (Research)	A	ST, W, SE, R W, S, B, F,	PD, D	1) To carry out the research work in diarrhoea diseases 2) To plan, implement co-ordinate, supervise and guide epidemiological studies in the hospital field area, 3) The incumbent should be prepared to go on laboratory / field duty any where in India, whenever required 4)	The work is laboratory based involves field visits, extensive tours for data collection

5.	Asst. Director (Molecular Biology)	A	ST, W, SE, RW, S.B.F.	PD,D	Any other work as assigned by the superior. To study the molecular aspects of microbiology of different enteric pathogens & parasites. The candidates should be familiar with techniques such as cloning, sequencing, various Hybridoma techniques and molecular tools as applicable to diarrhoea pathogens.	The work is laboratory based needs to walk around laboratory. The work involves standing & sitting
6.	Asstt. Director (Research)	A	S, ST, W, SE, RW, B.F.	PD,D	To plan and execute research project of regional /national importance and to assist the director in research activity of the centre in thrust areas of regional importance.	The work is laboratory based needs to walk around laboratory. The work involves standing & sitting
7.	Asstt. Director (Medical)	A	S, ST, W, SE, RW, B.F.	PD,D	The candidate will be required to actively participate in the ongoing research project in the centre. He/She will be expected to plan research program, draft, proposal and undertake research on different aspects of tribal help. The job requires travelling in tribal area.	The work is laboratory based needs to walk around laboratory. The work involves standing & sitting
8.	Assistant Director (Molecular Biology)	A	ST, W, SE, RW, S.B.F.	PD,D	To participate in ongoing study in molecular epidemiology of HIV infection, to develop HIV / AIDS research programme and execute research proposals independently	The work is laboratory based needs to walk around laboratory. The work involves standing & sitting
9.	Sr. Research Officer (SRO-Immunology)	A	ST, S, SE, R W, B.F.	PD,D	The incumbent will participate in ongoing immunological studies of the Institutes. In addition, the job will require development and execution of research proposals.	The work is laboratory based, involves fields-visit, extensive tours for data collection.
10.	Sr. Research Officer (SRO-Microbiology)	A	ST, S, SE, RW, S.B.F.	PD,D	The incumbent is expected to plan and participate in studies on natural history of HIV infections, research, diagnosis of opportunistic infectious and other related research on HIV AIDs in India.	The work is laboratory based, needs to walk-around involves touring.

11.	Scientist (Environmental Microbiology)	A	ST,W,SE,R W,S,B,F.	PD,D	To initiate conduct research, identifying and working out microbiological/biotechnology solutions to environmental problems.	The work is laboratory based and involves field work.
12.	Scientist (Histopathology)	A	ST,W,SE,R W,S,B,F.	PD,D	To study the pathomorphological mechanism of toxicity, chemicals, organise and provide histopathological support to various R. & D. programme and industry sponsored evaluation of Industrial chemicals and products.	The work is laboratory based and involves visit to Industry.
13	Scientist (Information Technology )	A	S,R,W, S,B,F.	PD,D	To undertake development of software and technology, data packages, on toxicological information of chemicals.	The work involves computer operation and no hazards.
14	Scientist (Analytical Chemistry)	A	ST,S,W, RW, B,F,SE.	PD,D	To undertake study on analysis and characterisation of environmental, chemical & their metabolise	The work is laboratory based.
15.	Scientist (Information Science )	A	R,W,S, B,F,SE	PD,D	To provide speedy information services to the sponsoring agency, attend to technical equipment, plan local area network, internet, networking, write technical report and involve in business development activities.	The work involves computer operation and repairing hardware.
16.	Scientist (Chelation Therapy)	A	ST,S,SE,B, RW,F,W.	PD,D	To synthesise new chelating agents for heavy metals poisoning e.g. heterocyclic system with sulphur, Nitrogen, Oxygen as heteroatoms and investigate their efficacy.	The work is laboratory based.
17	Scientist (Chelation Biochemical Toxicology)	A	ST,S,W,SE, RW,F,B.	PD,D	To develop chelation agents for the removal of intracellularly bound lead/cadmium and their mode of action.	The work is laboratory based.
18.	Archivist (GLP)	A	ST,W,S,RW ,SE,F,B.	PD,D	To operate and maintain a state of art archival facility at Gheru Campus to write and edit standard operating procedure applicable to archives.	The work involves handling /storage of chemicals as biological samples, laboratory based work

19	Scientist (Cell Culture)	A	ST, W, S, RW SE, F, B.	PD, D	To undertake invitro studies for primary screening and studying biochemical mechanism of action of chemical using primary and cells lines.	The work is laboratory based.
20.	Scientist (Microbiology/Immunology)	A	ST, W, S, RW, SE, F, B.	PD, D	The candidate is required to undertake studies on animal and human viruses using cell culture and immunotoxicity studies of xenobiotics.	The work is laboratory based.
21.	Scientist (Polymer Chemistry)	A	ST, W, S, RW SE, F, B.	PD, D	The candidate should be well versed in the area of molecule modeling of polymers with demonstrated expertise in the application of contemporary software for prediction of fundamental polymer property. The candidate must have an ability to understand the relationship between theory and experiment.	The work is laboratory based
22.	Principal Scientific Officer (PSO) (Information Systems)	A	ST, S, RW, S E, F, B.	PD, D	Will be responsible for development Vigyan Prasar Information System (VIPRIS) for S & T. communicator for different media and number of Government and non-government scientific and technological organisations. Should have upto date knowledge of I. T. development.	The work involves computer operation. development of software.
23.	Senior Scientist Officer (SSO) (Publications)	A	S, R, W, SE, B.	PD, D	Responsible for implementing / monitoring VP activities relating to publication.	Desk Work
24.	Senior Scientist Officer (SSO) (Sky Watching /Astronomy.)	A	ST, R, W, SE, S, F, B.	PD, D	Responsible for sky watching /Astronomy and other science club related activities of Vigyan Prasar.	Needs to operate telescope. study astronomy.
25.	Chief Engineer	A	ST, S, W, SE, B, RW, F.	PD, D	To have independent charge of engine of fishing vessels having BHP up to 50 and on larger vessels as second engineer for proper watch duty or engine supervision of duties or crew working under him. Proper maintenance of engine log books. Maintenance of accounts for conception of	The work in fishing vessels. Needs to to work in hot & humid environment.

26.	Sr. Engineer (Mechanical)	A	ST, S, W, SE, B, F,	PD, D	fuel oil and lub oil, day to day maintenance, repair of the vessels keeping necessary spares for such repair complying with the required conditions as per IMS Act in plying the vessel and to assist the fishing operation.	He/She is responsible for proper functioning of the workshop inclusive of air-conditioning plant, mechanical, electrical and civil section. To co-ordinate the work of A.Es, to assist senior officer in technical matters to exercise such administrative powers authorised to him.	The work is performed in shop floor, work place is noisy & hot environment.
27.	Sr. Scientist	A	ST, S, W, RW, F, B, SE,	PD, D	Looking after the environmental aspects of the ports and harbour project in Andaman and Nikobar and Lakshdweep islands as per the guidelines issued by the Ministry of Environment and Forest Department and Forest and Wild Life.	The work place is humid & dusty.	
28.	Operation Officer	A	ST, S, W, SE, RW, F, B,	PD, D	Assisting in work relating to standardising of aerodromes, licensing of airports, licensing of flight crew, granting permits for operation of non schedules operators/air taxi operator /schedule domestic operator, standardisation of procedures relating to air traffic systems and rating of air traffic controller, investigation of operational incidents to aircraft including air traffic control incidents.	Work is mainly performed in controlled environment sometime outside in humid & hot environment.	

29.	Scientific Officer, Grade -II (Electrical)	A	ST, S, W, SE, RW, F, B,	PD,D	Indigenous development and quality assurance of DG sets / electrical machines/ electrical cables / batteries / aircraft ground support aids/ aircraft electrical system and accessories. Indigenous development and quality assurance of aircraft electrical systems and accessories.	Need to work in open area in hot & humid condition
30.	Scientific Officer Grade II.	A	ST, S, RW, SE, B, F, W,	PD,D	Inspection and quality assurance of aircraft, aero engines and their allied systems during manufacture and overhaul, indigenisation of airborne and ground equipment.	Much of the work is performed in fields in hot, cold, humid and dusty condition.
31	<b>MECHANICAL ENGINEERS</b>					
32	Senior Designer	A	ST, S, SE	PD	They plan, design and supervise installation, operation, production and maintenance of machines and equipment. Prepare drawings with specifications showing details of construction, and direct installation of machinery and equipment.	The work is performed mostly inside. Work place may be hot, humid and noisy. Work is usually done in a group. The work is of a hazardous nature.
33	Supdt. Engineer	A

69 70	<b>JOB ANALYST</b> 1) Senior Analyst 2) Junior Analyst	A B	S.H.SE. RW	PD	<p>Job Analysts develop job evaluation scheme in commercial and industrial organisations. Organise evaluation procedures to finalise schemes by defining evaluation factors, selecting and studying key-jobs in organisation and relating key-job to evaluation factors. Develop norms for evaluating variations in amount of responsibility and intelligence required for efficient performance of each job, analyse existing and new jobs coming up in organisation and relate job components to selected evaluation factors. Study scope of introducing automatic procedures to minimise manual operations and suggest them to appropriate authorities for adoption. Undertake study to assess workers' conditions and suggest methods to increase productivity. May assist in developing training programme of potentially capable individuals in organisation.</p>	<p>The work is performed inside. The work place is well lighted and comfortable. The worker usually works in a group. No hazards are involved.</p>
71 72 73	<b>HORTICULTURISTS</b> Dy. Director Asst. Director Asst. Director (Horticulture)	A B B	ST.W.B.SE.	PD	<p>Horticulturists conduct experiments to develop methods of breeding and cultivating improved varieties of fruits, flowers, vegetables, ornamental bushes, trees etc. preserving fruits and vegetables and preventing damage during storage, transportation, processing and marketing. Study soil composition in relation to plant requirements. Conduct experiments under controlled conditions to determine factors beneficial to plant growth. Select best varieties of seeds for cross-breeding to develop resistant varieties and to improve varieties. Develop methods of propagation of plants and maintenance of nurseries. Suggest methods for improving quality and increasing quantity of production of</p>	<p>The work is preferred mostly outside in the field. It involves extensive touring. The work environment is usually dusty, hot and dry. The work is hazardous in nature. The work is usually done in a group</p>

74	<b>HINDI OFFICER</b>					vegetables and flowers. May advise regarding location of farms, sowing time, preparation and layout of beds etc. May arrange flower and vegetables shows. May inspect gardens, nurseries in their charge. May control and guide junior staff.	
75	Hindi Officer Grade "A"	A	S,SE,RW	PD,D		Hindi Officers supervise Hindi work under Official Languages Act. Attend to all types of translation work. Prescribe proforma for collecting information from various offices, sections, units about the progressive increase/decrease in the use of Hindi as an official language. May conduct classes in Hindi. Attend meeting of committees on Hindi.	The work is mostly performed inside in well lighted rooms. The worker usually works alone though group activity is sometimes required. It does not involve any hazards.
76	Dy Manager Hindi	A					
77	Asst. Director Hindi	A					
78	Asst. Editor Hindi	A					
79	Asstt. Education Officer (Hindi)	B

81	<b>ELECTRICAL ENGINEERS</b>						
82	Suptd engineer	A	ST B,SE,W	PD		They plan, design and supervise manufacture, installations, testing, operation and maintenance of various types of electrical wiring machinery and equipment. Plan layout of work and equipment and prepare themselves or direct preparation of sketches, detailed drawings with diagrams. Specify method of construction materials to be used and standard of workmanship required. Prepare or check estimates of cost of materials, construction, installation and labour charges. Supervise construction and installation or erection work and give necessary technical advice at every stage of progress. Inspect completed work to ensure efficient operations according to prescribed specifications and safety standards, correct repairs and maintenance of electrical apparatus and equipment. May examine economical aspects of schemes to be undertaken	The work is performed mostly inside. The work place is noisy and vibrating. The worker usually works alone. It involves hazards of high voltage.
83	Executive-Engineer (Elect.)	A					
84	Asstt. Director (electrical)	A					
85	Asstt. Engineer (electrical)	A					
	Jr. Engineer (Electrical)						

86	<b>EDITORS</b> Editor of Publications News Editor Asst-News-Editor Sub-Editor	A A A B	SE, ST, RW	PD	They edit or direct editing of news-items, journals, news-papers, books and leading articles on contemporary events. Plan lay out of publications, assign and co-ordinate work of different sections and staff such as Reporter, Photographer etc. Examine written material, important events etc. received from correspondents for publication. Write leading articles on important subjects or events in accordance with prescribed policy.	The work is mostly performed inside and is well lighted and comfortable. The worker usually works alone. It does not involve any hazards.
87						
88						
89						
90	<b>COMMERCIAL ARTISTS</b> Artist Layout Artist Artist	B B B	S, SO, OL	PD, D	They prepare designs for advertising articles or draw illustrations for books, book jackets, magazines, posters, charts, hoardings etc in suitable columns. Study specifications, and discuss details with superiors, determine subject matter in consultation with concerned officers and draw designs and sketches, with or without colours to desired effects. Execute approved design in required medium such as paints. Study specifications and discuss details with superiors, determine subject matter in consultation with concerned officers and draw designs and sketches, with or without colours to desired effects., oils, water colour etc.	The work is performed mostly inside. The place is well lighted and comfortable. No hazards are involved

B B B			including revenue and expenditure such as procedure for procurement of raw materials, machinery and other purchases and also disposal of assets, write off, depreciation, award of contract etc.	
229 230	Asstt. Supdt. Stores Supdt. Stores	A A	S. ST. SE. H. B.	PD	They receive stores and issue various types of goods, tools, equipment, raw materials, etc. and maintain record of each item. Check incoming supplies against orders, bills or vouchers. Identify weight or measures and examine various items to ensure correct supply. Affix or tie identify slips to items giving code number or marks. Enter details of goods received in stock registers. Maintain bin cards for each item indicating stock in hand. Ensure proper storing and preservation of goods, issue stock on demand making necessary entries in registers and bin cards; Exercise physical check of stores periodically and tally with stock register. Render to superiors' periodical statements and reports showing position and condition of stocks; Make requisition for replacement in further supply under advice of superiors. Supervise work of subordinates engaged in lifting goods.	Work is performed mostly inside. Visits to market are required. Work place is dusty. Worker works alone. No hazards are involved
231	Programmer	A	S. ST. SE. W. B.	PD	To develop, test and maintain programs with proper documentation. Assist project leader in systems analysis/design and other projects involving the use of Industrial Engineering and operational / research techniques.	The work is performed inside Usually workers work alone. The place is well lighted.

232	Computer Operations Officer	A	S.S.T.S.E.W. B.	PD	Perform activities required for running computer system such as:-booting, -handling disk one tape units and other peripherals - manning of console and interacting with the system through the console. Preparing and executing job schedules/and ensuring the production of timely and accurate outputs. Observing necessary producers for proper upkeep of equipment and environment. Maintenance and security to data bases on disks and tapes.	The work is performed inside. Usually workers work alone. The place is well lighted.
233	Artist	B	S.S.T.B. S.E.W.	PD	They prepare designs for advertising articles or draw illustrations for books, magazines, posters, charts, hoardings etc. in suitable columns. Study specifications and discuss details with superiors. Determine subject matter in consultation with client and draw designs and sketches with or without colour to desired effect. Execute approved design in required medium such as paints, oils, water-colour etc.	The work is performed inside. Usually workers work alone. The place is well lighted.
234	Draughtsman	B	S.S.T.B. S.E.R.W	PD	They prepare drawing of buildings, highways, dams, machines, plants etc. from sketches, designs or data for purpose of construction, alteration, manufacture or repair. Study notes, sketches and other engineering data, Calculate dimensions as required from available material or samples. Draw to scale detailed drawings, assembly drawings showing plan, elevation, sectional views etc. according to nature of work and operations required. May trace drawings and make blue prints. May prepare estimate schedules for material and labour.	The work is performed inside. Usually workers work alone. The place is well lighted.

235	Senior Draughtsman/ Draughtsmanp	B	S,ST,B S,E,R,W	PD	The prepare drawing of buildings highways,, dams, machines, plants etc. from sketches designs or data for purpose of construction, alteration, manufacture or repair. Study notes, sketches and other engineering data, Calculate dimensions as required from available material or sample. Draw to scale detailed drawings, assembly drawings showing plan, elevation, sectional views etc. according to nature of work and operations required. May trace drawings and make blue prints. May prepare estimate schedules for material and labour.	The work is performed inside. Usually workers work alone. The place is well lighted.
236	System Officer	A	ST,B,W, SE,R,W	PD	Interpreting systems design requirements estimating machine requirements (sizes and limitations). Flow charting (drawing up systems and program flow-charts). Coding, developing test data, program compilation debugging (removing errors.) testing modifying programs, (changes, upgrades, modifications). Learning new technologies (software & Hardware). Training in user inter-action making presentations etc..	The work is most performed inside in well lighted rooms. Workers usually work alone it does not involved any hazardes.
237	Project & Planning Officer	A	S,B,SE,R,W	PD	Analysis and compilation of all refinery projects in the Non-Plan budget. Analysis of all appropriation requests from refineries. Undertaking miscellaneous studies. Periodic review of Non-Plan performance.	The work is mostly performed inside in well lighted rooms. Work is usually done alone. No hazards are involved.
238	<b>ADMINISTRATIVE OFFICER</b> , Secretarial- Jr. (with Hearing Aid)	A	S,R,W	PD	They organise and control all clerical work in the offices, mark the dak, allot duties of staff, co-ordinate and supervise work of the clerical staff and look after discipline, administrative matters including cases of earned leave, insubordination, arrangement of office accommodation, furniture, office equipments etc. Prepare briefs on important administrative matters and	The work is performed mostly inside. Worker usually works alone, though active interaction with subordinates may be required. The work place is well lighted It does not involve any hazards.

for the expansion and/or continuation of the Deptt or particular units of the Deptt. May analyse and prepare annual/quarterly reports on the functioning and efficiency of the Deptt. for the information of public press and the Parliament. They also answer queries from the public press and the Parliament. May prepare advertisement material for notifying vacancies etc. in the press. May arrange and /or attend deptt. and inter-departmental meetings

They are responsible for the availability of various goods required in their office section, factory etc. and also for their proper supply to the actual users. They make assessment of the quantity of different items required at specified intervals on the basis of information provided by the actual users. They contact producers, manufacturers and agents to discuss and settle terms and conditions of sale including the minimum standards or specifications to which the goods must conform. May call tenders from different suppliers and place order for supplying these. Ensure that goods supplied conform to the agreed standards. Arrange for proper storage of goods including spraying of pesticides to kill white ants, rats etc. In case of perishable goods. May maintain proper accounts of purchases and supplies. Attend to correspondence and enquiries pertaining to purchase and supply of goods. May look after general administration of the stores department and be administrative incharge of the junior stores staff.

The work is performed mostly inside. Occasional visits to the market are required. Work place is well lighted. It does not involve any hazards.

## APPENDIX

CODE	PHYSICAL REQUIREMENTS
F 1	Work performed by manipulating (with Fingers)
PP 2	Work performed by pulling & pushing
L 3	Work performed by Lifting
KC 4	Work performed by Kneeling and Cratching
B 5	Work performed by bending
S 6	Work performed by sitting (on bench or chair)
ST 7	Work performed by standing
W 8	Work performed by walking
SE 9	Work performed by seeing
H 10	Work performed by hearing/speaking
RW 11	Work performed by reading and writing

## FUNCTIONAL CLASSIFICATION

CODE	FUNCTIONS
BL 1.	both legs affected but not arms.
BA 2.	both arms affected a. impaired reach b. weakness of grip
BLA 3.	both legs and arms affected.
OL 4.	one leg affected (R or L) a. impaired reach b. weakness of grip c. at axic
OA 5.	one arm affected (R or L) a. impaired reach b. weakness of grip c. at axic
BH 6.	stiff back and hips (cannot sit or stoop).
MW 7.	muscular weakness and limited physical endurance.
B 8.	the blind.
PB 9.	partially blind
LV 10.	low vision
D 11.	the deaf
PD 12.	partially deaf.

**ESSENTIAL EQUIPMENT FOR PERSONS WITH DISABILITIES APPOINTED TO  
GROUP A AND B POSTS**

**FOR VISUALLY IMPAIRED PERSONS**

S. No.	Item	
1.	Pocket Frame	B, LV
2.	Braille	B, LV
3.	Taper Recorder	B, LV
4.	Dictaphone	B, LV
5.	Spectacles, Table Magnifiers and Hand Magnifiers both illuminated/ unilluminated.	LV
6.	Talking scientific calculator	B, LV
7.	a computer terminal with Audio or Braille out put.	B, LV
8.	A Drawing kit	B, LV
9.	Abacus	B, LV
10.	An embossed foot rule.	
11.	Braille micrometer and Slide Calipers	B, LV

**PERSONS WITH LOCOMOTOR DISABILITIES**

NIL

**FOR HEARING & SPEECH IMPAIRED PERSONS**

1. HEARING AIDS
  - Body Level;
  - Behind the Ear (BTE)
  - In the Ear (ITE)
2. Ear moulds.
